

“Emotional Diplomacy”

Auto-Suggestive Psychology for Inner Ecology!

I Incentivize the Gloomy and Unwise!

To be emotionally-

Wise,

I incentivize the gloomy and the un-

wise

I inject my spirit into all

Those

That maximize their effort only for a

Pose

I imbue them with the zest to

Feast

Upon their depressive

Beast

That makes them for-

get

What life can be-

get

And what it takes to re-

wind

The unmanageable

Mind

Back to its blissful

State

That has been within them in-

nate!

*Then, a smile starts to
Shine
In just a little
While*

*And life gets re-
leased
Without a self-pity
Twist!*
